

Exceed Beyond

You're dedicated to your mission and we're dedicated to you. Exceed Beyond is designed specifically for nonprofit organizations like yours. It's about you and your mission.

Exceed Beyond Guest Module

If your organization offers a home away from home, you need to track and manage important information about your overnight guests. Exceed Beyond is the complete, affordable and easy-to-use cloud software solution to track all of your guest stay information.

Track vital guest and patient information

- Track arrival and departure data for all your guest stays.
- Define stay locations for your chapter, family rooms, hotels, and other sites.
- Easily manage guest waiting lists and request lists.
- View key patient information such as gender, diagnosis, medical facility, region, and ethnicity.
- Manage room charges and payments, including payments from 3rd parties.
- Ability to track items and services used by guests.

Tailored for your organization

- Built specifically for Ronald McDonald House Chapters and other hospitality organizations.
- Guest Manager screen for quick access to stays, occupants, rooms, and billing information.
- Customize the Guest module to your organization's needs with user-defined fields, data entry defaults, and much more.
- Create merge letters and emails for all of your guest stay communications, including guest invoices, billing statements, and registrations forms.
- Powerful reporting of guest lists, occupancy rates, and patient statistics.
- Cloud-based system with secure data, access any-time, from anywhere.

The screenshot displays the 'Guest Manager' interface. At the top, there are tabs for 'Guest List', 'Room Manager', 'Occupant Manager', 'Wait List', 'Request List', and 'Invoice Manager'. Below these is a search bar with fields for 'From' (06/21/2016), 'To' (12/21/2017), 'LOC' (Select options), and 'Stay Type' (Stay, Confirmed). There are also buttons for 'Go', 'Print', and a refresh icon. Below the search bar is a legend for room status: Occupied (green), Confirmed (yellow), Past Expected (orange), Transition (dark green), Conflict (red), Unavailable (grey), and Checked Out (blue). The main area is a calendar view for June and July 2016. The left side shows a 'Room List' table with columns for Code, Room No., C7, #, Amt., and Comments. The right side is a calendar grid with days of the week (Tu, We, Th, Fr, Sa, Su, Mo, Tu, We, Th, Fr, Sa, Su, Mo, Tu, We, Th, Fr, Sa) and dates. Green cells indicate guest stays, with labels like 'Hume 2' and 'Cansler' visible. On the far right, there are buttons for 'Add Stay' and 'Cleaning Status'.

Code	Room No.	C7	#	Amt.	Comments
LI	1 (101)	N	4	15.00	
LI	2 (102)	N	4	15.00	
LI	3 (103)	N	4	15.00	
LI	A (150)	N	4	15.00	
LI	B (151)	N	4	15.00	
LI	C (152)	N	4	15.00
